6. Learning Outcomes:

This HR Activity proved to be very useful to make the students explore their potential and utilizing it to broaden their vision towards the changing business scenario.

This exercise also provided an opportunity to the management students to discover their management and problem solving skills and its applications in the complex business situations.

7. Expert Narration:

Expert was amazed to see the performances of Declamation and Role-Play participants. She was really impressed to listen to

the different ideologies and perspectives of the Declamation and Role Play participants who came up with lots of facts and figures to support their ideas.

In her address, the Expert put focus on to bridge the industry- academia gap by providing more and more exposure to the students. She also suggested getting the students involved in live projects so as to give them hands on experience to solve the complex problems of the business and to inculcate the problem solving skills amongst the students. According to her, these kinds of exercises are very beneficial to make the students industry ready.
